

Louise Driffield

BSc (Hons)

I have been providing Forensic Accounting services to solicitors, barristers, law enforcement and public authorities for over 15 years, with experience in civil and criminal matters for both the prosecution and defence.

Having worked on a wide variety of forensic cases, I have experience in fraud investigations, contentious insolvency, money laundering, confiscation proceedings (POCA), commercial litigation, consequential loss, business valuations, and matrimonial disputes.

In my free time, I enjoy walking in the Peak District with her family.
